Finding Aid

Date Range: 1971-2011

Containers: Four 3-ring binders

Creator: Catherine Cavallo

Storage Location: Library/Archives

Aid Created By: Jennifer Naranjo, Intern

Scope and Content:

These newsletters are a publication produced and distributed by the Orange County Genealogical Society of Orange County New York. Each newsletter contains listings of names from directories, military registers etc. as well as containing answers to genealogical queries etc. All of the information relates directly to families in Orange County New York, but may be of value to the study of genealogy in Passaic County, given links between these two geographic areas.

Series:

The newsletters remain in their original arrangement, being stored chronologically. Each volume has a corresponding index of all names mentioned, which is included within each volume's section. There is only one newsletter from the series which is missing, Volume 1, number 4. Otherwise, this is a complete set for the dates listed.

These newsletters were used by a researcher before being donated, so some handwritten notes and highlights are present throughout.
